BOARD OF TRADE.

The Regular Monthly Proceedings Last Saturday.

The regular monthly meeting of the Board of Trade was held in Reno Saturday, says the Journal, President Newlands presiding, Secretary Bragg, Manager Fulton, and Directors Martin, Foley, Folsom, Bender and Powning; also J. R. Vail, Peter Marker and Alvaro Evans were present.

President Newlands made a report on the subject of the proposed address concerning economy in State and county governments. He said he had conferred with a number of persons who were opposed to a Constitutional Convention, and believed the necessary changes could be effected by law and amendments. In order that the subject might be fully considered, counsel had been employed to show the advantages of a convention, and also how the reforms might be effected by the Legislature. Mr. Bragg offered the following resolution which was adopted:

In view of the fact that our Senators and Representatives in Congress are in a position to be of great assistance to the Board of Trade in its efforts to develop the resources of Nevada, be it

Resolved, That the Secretary be instructed to write Senators Jones and Stewart and Congressman Bartine inviting them to name a day when they can meet with us for the purpose of formulating some plan to raise money to successfully carry out the work of reclaiming our arid lands and encouraging settlers to come to Nevada.

Mr. Martin moved that a general meeting of the Board be held prior to the meetings of the respective State Conventions, to discuss convention questions.

The Manager read an address to the Southern Pacific Company asking for that company's assistance by the establishment of a colonization agency, granting stop-over privileges to immigrants by creating a general officer in the State to have charge of all local matters and to render financial aid to the Board. The following committee was appointed to sign and forward the address to the Southern Pacific Company: C. C. Powning, M. D. Foley, W. O. H. Martin, L. D. Folsom and A. C. Bragg.

A committee consisting of L. D. Folsom, T. V. Julian, C. H. Markham, A. G. Fletcher, W. H. Gould, James Mayberry and William Thompson was appointed to consider and report upon the establishment of a creamery and a wool warehouse at Reno, and such other industries as might well be taken in hand.

Board adjourned till Monday. THE ADJOURNED MEETING.

We epitomize the foregoing in the following request:

First.—That the Southern Pacific Company organize a colonization agency for Nevada similar to the one now organized in California, and that the company take measures to market its own lands, to encourage the application of water to land, and to make use of the agencies which it now employs in California for building up the population of Nevada.

Second.—That it allow the second-class immigrants, hundreds of whom pass through Nevada every day, to stop over at one or two specified places in order to determine whether or not they would like to settle in this State.

Third.—That the Southern Pacific Company appoint some General Manager, Vice-President or Resident Director, who will have in special charge the local affairs of the company in Nevada, and who will be in touch with the community which the railroad serves. The Nevada State Board of Trade authorizes this communication to be addressed to the Southern Pacific Company in the hope that its suggestions may receive the careful consideration of its officers and a favorable response, which it requests should be directed to the State Board of Trade, Reno, Nev.
